Cash audit eco e.V. – financial year 2019

Dear Mr. Summa,

I conducted the cash audit of eco - Verband der Internetwirtschaft e.V. for the 2019 financial year at the Cologne office on 2nd October 2020.

The bookkeeping was checked by myself. It complies with the principles of proper accounting of non-profit associations of persons. Revenues and expenses were examined on a random basis and were found properly recorded as well as in accordance with the cause. The corresponding documents are available at the Cologne office.

I recommend that the actions of the board and the management of eco e.V. be formally approved.

Best regards
