

Ministry of Economic Affairs
and Climate Policy

Netherlands Article 28 NIS Directive

The Netherlands perspective

- › Different Ministries involved within the NIS Directive
- › Economic Affairs (feasibility of verification processes, best practices)
- › Justice and Safety (investigation, unwanted content)

The Netherlands perspective

- > Our goal is harmonization within the EU and hopefully through the ICANN community
- > The Netherlands is represented in the 2 EU Workstreams
- > Within the Netherlands=> NIS2 Article 28 specifics delegated to Ministerial regulation
- > Best practices in the community for instance email verification (before a domain can be available)
